

THE COIL TAMER

**Looking for an easy and
inexpensive way
to contain metal coil?**

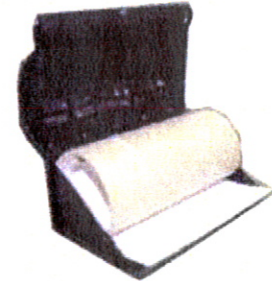

newIDEA's Coil Tamer
is designed to:

- Contain rolls of coil safely
- Protect coil from weather and equipment
- Provide a safe method of transporting partially used rolls to work sites

Designed for any
size coil up to 24"

Cutting edge

Quit wasting damaged coil and start saving money and space!

The Coil Tamer's rugged and lightweight design makes it the ideal solution for every roll of coil you use -- whether on the job site or in your truck.

Ask your local supplier for the Coil Tamer TM
